4th Annual WATERMISER WORKSHOP

The City of Newport Beach invites you and your friends to an evening of water conservation education. Speakers this year are: **Pamela Berstler** – G3 (Green Gardens Group) and **Paul Herzog** – Surfrider Foundation

The evening will include:

- Enhancing your understanding of the connection with the urban watershed in which we live
- Demonstrating strategies to reduce potable water consumption
- Learning about rainwater retention through the creation of sustainable, habitat-enhancing private landscapes that you and your neighbors will admire

Refreshments will be served / Raffle Prizes / Vendor Fair
